

**Hospital Library Services Program (HLSP)
Advisory Committee Meeting
December 5, 2023**

NOTES

Present: Matt Roslund, Bassett Healthcare; Robyn Fordyce, Northeast College of Health Sciences; Danielle Zavada, UHS Wilson Hospital; Kellee Selden, Ascension Clinical and Network Services; Christine Brown, SCRLC

Excused: Laura Liepke, Binghamton University; Hilary Westgate, Cayuga Medical Center; Mary-Carol Lindbloom, SCRLC.

Welcome and Introductions – There were no new members present at this meeting.

October Meeting Minutes – approved as distributed.

Around the Table

Matt shared that they are very busy at Bassett and that nothing new is happening. Danielle shared that the UHS Wilson library space is going through some renovations of the physical space after they found an inhouse funding source that they didn't know about until recently.

Robyn shared that they were in the first week of the two-week final period. They will be opening three new programs in Fall 2024 so they are working to be ready for those new programs. They are also working to be involved in the orientation process to introduce students to the library when they first arrive on campus.

Kellee shared that Lourdes is shifting from Ascension to Guthrie and the transition is challenging.

Electronic Resources

We reviewed the usage statistics for Ovid and they seemed in good order. All who were present were happy with the numbers.

We also reviewed the usage statistics for STAT!Ref (consolidated and for each member hospital) and there is a question to ask our representative. The consolidated report showed that there were 6 turnaways for one of the titles and the individual reports didn't

show any turnaways so it's no clear where the turnaways occurred. Christine will work with our STAT!Ref representative to determine why that discrepancy exists.

There was discussion about the STAT PEARLS and concern that while 5 accounts were created, there was no usage. A question was raised as to when the exam takes place which may impact usage. Christine will find out when the exam takes place.

HLSP Grant Program Update

Christine is working on distributing the grant checks. She will let each member know when it's been sent.

HLSP Newsletter

It was suggested that it would be interesting to share usage information in the newsletter. Christine will look into how this can be done for the Winter edition.

Lunch and Learn update

Christine shared that the next Lunch and Learn was scheduled for Thursday, December 7 and she will share the link. Upcoming potential topics include AI in a local hospital, NNLM webinar on health disparities for BIPOC individuals; graphic medicine and another chemical exposures in the workplace on cleaning products.

Other?

No other topics were raised.

Next Meeting Date – February 6 at 11:00
