

## **Hospital Library Services Program (HLSP) Advisory Committee Meeting Minutes June 2026**

**Present:** Matt Roslund, Bassett Healthcare; Danielle Zavada, UHS Wilson Hospital; Danny Scopelliti, Guthrie Lourdes Hospital; Christine Brown, SCRLC

**Excused:** Laura Lipke, SUNY Binghamton; Emily Tilton, Cayuga Medical Center; Fantasia Thorne-Ortiz, Northeast College of Health Sciences; Mikki Smith, Guthrie Medical Center; Mary-Carol Lindbloom, SCRLC

**April Meeting Minutes** – approved as distributed

### **Around the Table**

Danielle shared that they are currently in a status quo pattern. The space has been measured for the renovations and they are now waiting for news about approving the plan. Danielle shared they are experiencing the same issue with visas for new providers.

Matt shared that things are quieter now that it's Summer. They have a new head of the research department and he's been working with this person to meet the needs of the research department including the new research regs. Matt also reported that they've seen a lot of issues with meeting Visa requirements for new providers.

Danny shared that Lourdes is doing well and he's seeing a nice traffic flow with space including providers and students. They celebrated research day at Guthrie and they will be doing a research exposition for residents soon.

### **HLSP Grant Program Update**

Christine shared that all grant applications have been received and she's now working on the final reports. Also, plans are in the works for the grants for 2026/2027.

### **Electronic Resources**

- STAT!Ref usage since July 1, 2025 – Christine reported that usage levels are about the same as in past years. However, there are only 4 members using it so there needs to be some marketing efforts to increase the number of members using this resource.
- NEJM, Ovid, and NEJM Evidence usage – Christine reported that NEJM is on pace to match the usage numbers from last year. Back in February, it wasn't clear so we now know it's going well. Ovid usage is down slightly and it was discussed that we might want to look at alternative journals to add or substitute for the existing journals.
- Doody's Core Titles demonstration – Christine reminded everyone that there was a demonstration done back in April and Matt and Danny both shared that they watched the recording and they found it useful

### **HLSP Newsletter**

Christine shared that the Summer edition of HLSP News should go out by the end of the month.

### **Lunch and Learn update**

Christine asked for comments on three possible areas for lunch and learn programs for next year. The most important one is something on nurse retention. Also, OpenEvidence is another area that would be appreciated though it's a second compared to nurse retention.

**Meeting Schedule for 2026/2027**

Everyone agreed that the current schedule (every other month on the third Tuesday of the month at 11:00) works for everyone present. Christine will reach out to the members to see if that time generally works for them.

**Other?** – No other topics were raised.

**Next Meeting Date** – Those present at the meeting find the current meeting schedule to work for them. Christine will reach out to those who weren't in attendance to see if it generally worked for them.
