Crossover With Other Reform Movements

The temperance movement was one of several reform movements underway during the antebellum and post-Civil War era in America, and at times the movements and their leaders united. The religious revival known as the Second Great Awakening occurred throughout the U.S. and was characterized by evangelical Protestant preachers who reached beyond the elite parishioners of New England to the less wealthy and less educated. Their hell-and-damnation sermons produced new denominations, communal societies and reform. The temperance, abolition, and women’s rights movements grew at this time; other reformers supported dietary reforms, restrictions on the use of tobacco, and dress reforms.

Women who would otherwise not speak out in public were empowered by their motivation to speak against the consumption of alcohol in order to protect their homes and family. This activism resulted in the entry of some into the political arena where they advocated as well for increased marital rights, universal suffrage, and abolition of slavery. Brewers and the liquor industry opposed giving the vote to women on economic grounds, believing that they would enact prohibition. Members of the reform movements differed in approach and philosophy and were far from united in thought or action.

Women’s Prohibition Parade; Glendale, Kane County, Utah, 1917. Courtesy of Sherratt Library, Southern Utah University, Cedar City, Utah.

Goodhue County Historical Society

GCHS Photo Album

The Goodhue County Historical Society has an extensive photograph collection. Here are a few examples for you to enjoy. We also invite you to come to the history center to see these and other photographs first hand. Most photographs are in the archives, but we have copies available for anyone to examine. There are also many photographs on view in the exhibits throughout the history center.
Minnesota Digital Library News & Events

Minnesota Digital Library on Facebook and Twitter
August 28, 2013

We are excited to announce that we are now using Facebook and Twitter to communicate about events and activities of interest to Minnesota Digital Library users and contributing organizations. Our Facebook and Twitter accounts will be used to promote the collections of our Minnesota Reflections contributing organizations and will provide a forum in which contributors and users can share news, happenings, and events.

American History at Your Fingertips: How Minnesota Contributes to the Digital Public Library of America
July 10, 2013

The Digital Public Library of America (DPLA) is a groundbreaking project that, for the first time, will make many of our nation's significant digital collections searchable and accessible to the public from a single site. It will aggregate millions of digital artifacts from local archives, libraries, museums, and cultural heritage institutions across America and deliver them to students, teachers, scholars, and the public via a powerful search interface. Watch this video to learn more about how we are working hard to share Minnesota's story with the nation.

A Guide to Gathering, Preserving, and Presenting the Past on the Web
Did you hear that Dan Cohen's book is finally in the public domain? Too bad it doesn't have zombies.
Library License

When print books stop selling, they become harder and harder to find. But in the digital age, books can have a new afterlife.

Once a book no longer has buyers, Library License aims to make one free online copy available to every library that wants one.

Who Benefits?

Authors’ books continue to bring value to readers even after commercial value has faded.

Publishers get an archived, branded and findable copy of the book without giving up their right to sell it.

Now with crude Copyright Calculator
unglue (v. t.) 1. To pay an author or publisher for publishing a Creative Commons ebook.
