<i>Loan Requests</i>		

NEW

**Total Requests Sent to
BARC**

***In-Region:** Materials loaned and borrowed between your library and other SCRLC members and—in the case of public library systems and school library systems—their component libraries. For example, a college library borrows from or lends to an area public library. That will be classified as an “In-Region” ILL.

For a complete list of SCRLC members, visit our [SCRLC online membership directory](#).

****Out-of-Region:** Materials loaned or borrowed between your library and libraries outside the SCRLC region.

***** Unfilled:** from July 2017 to June 2018—these may include some requests you initiated near the end of the previous year.

***ILL statistics are a responsibility of SCRLC membership.
Thanks for your cooperation!***
